MEMORANDUM FOR: Director of Security

SUBJECT : Office of Security Statistical Report
for MARCH 1963

1. The attached tables and charts reflect some of the activities of certain components of the Office during MARCH 1963.
2. The statistics in the tables are compiled by the component concerned and refer to the current month.
3. The charts are prepared in this office from the statistics in the tables and afford a means of comparing the various accomplishments, work loads, and activities from the beginning of the current fiscal year to date.
4. Following are noteworthy items for the month:
 - a. During the month of March, 2,714 overt and semicover type cases were received for processing by the Personnel Security Division. This volume of receipts transcends previous all-time highs for receipts of these types of cases. The previous high was 2,608 received in February 1963.
 - b. Polygraphing of Telephone Company employees assigned to the Headquarters Building was completed. Twenty employees were polygraphed. Of the 20 interviews, 19 were favorable, and further action was required in 1.
 - c. The Assistant Special Agents in Charge of the Office of Security Field Offices were convened at Headquarters for a conference lasting one week. The Director of Security, the Deputy Director of Security, and all senior officials of the Office conferred with them and discussed with them the posture of the Office and the Agency, current Office requirements, plans, and objectives.
